labsummit[®] 2024

Innovating the Future,
One Lab at a Time

Icon	Topic 1	Topic 2	Topic 3	Topic 4	Topic 5	Topic 6	Topic 7	Topic 8
	Organic Growth of Laboratories	Current Challenges of a Public Sector Laboratory	Overcoming Barriers in the Quality Control Laboratory	Laboratory Design, Health and Safety	Food Safety Excellence: Exploring IFS International Standards	Industry 4.0: the challenges for Metrology		
	Computerization of processes and validation of computerized systems	AI applied to laboratory management	Use of a LIMS tool in laboratory management	AnIML and Data Management	Robótica: From a manual lab to a full automated workspace	How do I engage employees and promote acceptance for digitization and automation?	LIMS and QMS digitalization processes in Labs	Good Cybersecurity Practices for Laboratories
	My Green Lab	Good sustainability practices	Food Sustainability in Focus: A Critical Analysis	Smart Home Interoperability Laboratory				
	Application of CHATGPT in human resources performance management processes	Increased productivity in a public sector laboratory	The importance of visual identity for your lab trust	Cannabis market trends and movements	Leadership development and organizational change			
	Digital Test Report Certification	Practical use of AI in a LIMS						
	Portugal 2030: Objectives, Challenges and Public Sector Operationalization	Communication is the key: How will my visual design influence the users?	Sustainable HR Management	Hybrid Work Strategies: Thriving in the New Normal Debate	Digital Innovation in the Food Industry: Challenges and Opportunities	Talking Sustainability: Challenges and Opportunities Debate		

Accreditation

Opening Cerimony*

Cocktail Party

- Laboratory
- Digital
- Sustainability
- Productivity
- Hands On
- Workshops

*with the presence of University of Coimbra Deputy-Dean for Research Prof Joao Ramalho Santos & Dr. José Manuel Monteiro de Carvalho e Silva - Mayor of Coimbra

**This program may be changed without prior notice.

	Solid-State NMR for the characterisation of pharmaceutical systems and porous materials	Process reengineering in the laboratory	Large Laboratory Networks: Scalability Challenges	Creating innovation and the lab of future via a collaborative ecosystem	Electric Vehicle lab
	AI is the future of our labs - so let's embrace it!	Use of an LIS tool in laboratory management	Digitization of operations, lean training and project management	LIMS and QMS digitalization processes in Labs	Good Cybersecurity Practices for Laboratories
	How digitalization benefits sustainability goals and mitigates workforce shortage- and what the EU Data Act means for harvesting these benefits	Implementação da certificação MyGreenLab	Digital sustainability assessment	Sustainability for Life Sciences	
	Motivational Speaker	Development impact of trade policies, WTO negotiations, EU preferencial market access, regional trade agreements, competition policy, and corporate governance	The impact of application and equipment integrations on laboratory productivity	Smart Metrology: Opportunities and Benefits	Tailor made training solutions for companies
	Manage your measuring equipment painlessly	Agility, security and reliability in results			
	CSR Reporting	Embracing Change: A Strategic Approach to Technology Adoption Debate	Validation of the software by CFR21 Part11	Portugal 2030: Objectives, Challenges and Operationalization of the Private Sector	Laboratory Excellence: Strategies for Maximizing Work Efficiency Debate

Accreditation

Closing Ceremony

Sunset Party

- Laboratory
- Digital
- Sustainability
- Productivity
- Hands On
- Workshops

**This program may be changed without prior notice.

Guided Visit to Paço das Escolas

Enjoy a visit to the Paço das Escolas (Biblioteca Joanina, Chapel of São Miguel and Royal Palace) of the University of Coimbra, accompanied by a UC Guide.

Guided Tour of the Botanical Garden

Tour of the different spaces of the University's Botanical Garden of Coimbra, showcasing its history, architecture and species most emblematic.

Guided Tour of the Botanical Garden Greenhouse

Visit to the tropical collections of the Botanical Garden of the University of Coimbra, from the tropical corner to the Greenhouse, revealing the stories of these spaces and some of its most emblematic species.

**This program may be changed without prior notice.
